

When the snow has transformed the camping place and its surroundings into a white fairy-tale landscape, you can go skiing, ice-skating and tobogganing. The next skiing area with lifts is only 20 minutes' drive away. With its well-lit paths, heated sanitary facilities, sauna and solarium and cosy snack bar, it's the ideal environment for a wonderful winter holiday.

It's also delightful to wander along well-marked tracks through the colourful surrounding woods in autumn or to marvel at nature awakening in spring. Cosily furnished holiday homes and separate rooms with bathroom are available at every season.

Every type of entertainment is laid on to make your holiday an unforgettable experience for the whole family.

We have also thought of everything when it comes to leisure pursuits - for children, several playgrounds with interesting equipment, tennis and mini-golf, table tennis, a football area, hut for grill parties and a whole lot of other attractions.

We provide all the mod cons you can imagine: modern shower and washing facilities with single cabins, sauna, solarium, nappy-changing room with bathtub, automatic washing machines and driers and various cooking facilities. Every site is, of course, supplied with power points.

Your holiday destination CAMPING AND HOLIDAY PARK TEICHMANN nestles among meadows and woods. The large lake in the heart of the camping area is ideal for swimming, boating (pedal boats for hire), surfing and fishing. There are cycles for hire, and you can go riding in Vöhl (6 km), where there are stables where visitors' horses can also be looked after. And there's lots more to see and do. The long flat sandy beach with a lawn for sunbathing and large playing area is ideal for children.
